The game received a review score of 1.4 out of 10 from IGN, who criticized the "bland" gameplay, while giving praise for its graphics and music. Gameplay Adventures in Pet Cemetery is a graphic adventure game in which the player takes on the role of Pete's cousin Toby. Toby must find five rare pets in a cemetery guarded by undead pets. The game features puzzles, plot twists, and a plot that gradually reveals itself as it progresses. The puzzles and plot twists focus on a search for missing pets in a cemetery guarded by undead pets. Development Adventures in Pet Cemetery was the first computer game developed by Double Dragon Studios, a team of indie game developers, and was published by Activision in 1992. The studio was formed by Peter Bennett, a keyboardist for British punk rock group The Clash f678ea9f9e
